

# ACCO BRANDS INSPIRATION 2026

# ACTIVE WORKING IN THE OFFICE – AT HOME – ON THE MOVE

Work is no longer tied to a single place. Hybrid environments and increased mobility mean flexibility is key — and feeling good while working is just as important as staying productive.

ACCO Brands creates solutions that support both performance and well-being. From ergonomic designs that promote comfort to smart tools that keep you organized, we help you feel good and work better — whether you're in the office, at home, or on the go.

Discover our latest innovations and transform every workspace into a place where productivity meets comfort. With ACCO Brands, active working feels good — anywhere.

## FIT FOR OFFICE

### THE RISE OF THE OFFICE HUB: THE WORKPLACE RE-IMAGINED

The modern office is evolving into a dynamic hub for collaboration and connection. Gone are the rows of individual desks — today's spaces are designed for flexible meetings, creative break-out zones, and social interaction. While virtual work offers convenience, these reimagined offices foster teamwork, spark innovation, and boost well-being — key ingredients for personal and organizational success.

Our solutions bring comfort and efficiency to these shared spaces, helping employees stay productive and feel good while working together.

## **FIT FOR MOBILE OFFICE** STAY PRODUCTIVE WHILE WORKING ON THE GO!

Work happens everywhere. Hybrid schedules and increased mobility demand tools that make transitions seamless — from home to office and every stop in between.

We empower mobile workers with lightweight, ergonomic accessories that create an instant workspace anywhere. Our fold-away laptop riser, compact keyboard, and mouse transform even the smallest space into a comfortable, organized desk. When the day's done, everything packs neatly into your bag — ready for the next location.

With ACCO Brands, working on the move feels effortless and productive.

## **FIT FOR HOME OFFICE** WORK LIFE BALANCE: DESIGNING A MODERN AND HEALTHY WORKSPACE

Home offices are here to stay. Five years after the first “work from home” mandate, many professionals have embraced hybrid or fully remote work. Creating a healthy, organized home workspace is essential for maintaining productivity and well-being.

We provide guidance and innovative products to help you design a home office that supports comfort, focus, and balance. From ergonomic seating to smart storage solutions, our tools make working from home feel good — and keep you performing at your best.

Your home office should support your health, comfort, and productivity every day.

# WORKSPACES REIMAGINED: ERGONOMICS FOR EVERY ENVIRONMENT

Today's work culture is more flexible than ever—whether at home, in the office, or somewhere in between. Traditional setups have evolved into open spaces, collaborative lounges, and hot-desking environments. With this shift, one thing remains essential: the right ergonomic solutions. From adjustable seating to smart accessories, employers need to ensure comfort and well-being for every employee, no matter where or how they work.

With hybrid working and home offices already the norm, it is important that employees have the right equipment to work ergonomically and comfortably using products that blend seamlessly with their home environment.

We have introduced the 2025 White Paper 'The new world of work'. Learn about the latest trends in the office and beyond, as well as why well-being is taking center stage. Find out more insights in our White Paper.

# Space to Think. Space to Create.

# Feel Good with Leitz Ergo, Raise your Level of Comfort

Good ergonomic design extends beyond basic body-conscious functionality. It has to make you feel at one with your body, where nothing distracts or feels awkward and enabling the perfect flow between you and the task in hand. That's why every Leitz Ergo product is not just designed ergonomically around the human form, but also in colours, shapes and materials that make them a joy to use and to look at.

## DOUBLE VISION

Effortlessly adjust your monitor to the ideal height, enhancing your posture and supporting neck and shoulder comfort. Choose between a single monitor arm or a versatile dual arm for your monitor and laptop. Both options pair perfectly with Leitz Ergo electric desks featuring an 80 x 60 cm tabletop. Alternatively, opt for a dual monitor arm and the Leitz 120 x 70 cm or 140 x 80 cm desks to accommodate two monitors.

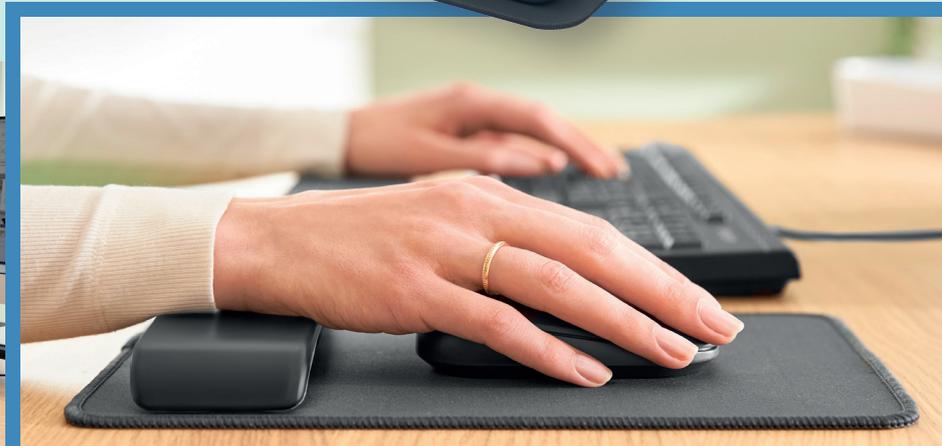

## THE HIGHER THE BETTER

Enjoy the ergonomic benefits while saving the earth's resources. Adjustable Multi-Angle Laptop stands and Cosy laptop stands use post-consumer recycled plastic and are easy to adjust to the right height.

## ULTIMATE COMFORT

Ergonomic ultra-soft keyboard and mouse wrist rests to prevent aches and pains. Easy to adjust the height by turning over.

## WHAT A FEELING

Ergonomic air balance chair cushion, compatible with any chair to maximise comfort at your workspace. Relieves spinal pressure and improves circulation.

# Work Flexibly. With Extra Security.

As mobile working has become a standard part of modern professional life, so too has the risk of exposing confidential data to unauthorised onlookers. Kensington privacy screen filters help safeguard sensitive and valuable information from unwanted viewers. Whether you're working on the go or at your desk, there's no need to adjust your natural working position - our privacy screen filters provide effective protection against prying eyes.

## EQ PRIVACY SCREEN FILTERS

Finding privacy screen filters that support sustainability goals while offering strong data protection can be a challenge.

Kensington EQ Privacy Screen Filters are an innovative solution, utilising 54% post-consumer recycled (PCR) plastic.

## HIGH CLARITY PRIVACY SCREEN FILTERS

Many professionals struggle to maintain privacy while working with sensitive information in public or shared spaces. Standard privacy screens can sacrifice clarity, hindering visibility.

Kensington High Clarity Privacy Screen Filters address these challenges with advanced nanolouvre technology for vibrant visuals, unleashing up to 40% more light transmittance compared to standard filters.

# FIT FOR SUSTAINABILITY

At ACCO Brands, we firmly believe that the best way to reduce environmental impact is to provide high quality and long lasting products which are made of recycled materials and are designed for recycling.

ACCO Brands EMEA are proud to have been awarded a silver rating by EcoVadis, the world's largest and most trusted provider of business sustainability ratings. This places them in the top 10% of companies in their industry, looking at key indicators within four themes: Environmental impact, labour and human rights, ethics and sustainable procurement.

## THE ORIGINAL LEVER ARCH FILE FROM LEITZ IS AN EARLY PIONEER OF SUSTAINABILITY

It has been known for its premium quality and durability since 1896, has been awarded the Blue Angel for more than 25 years and has been FSC® certified since 2011.

## LEITZ & ESSELTE RANGE OF MOULDED BLACK PRODUCTS

# Investing in a better future

ACCO Brands are continuing their mission to protect our future by further improving the environmental credentials of their best-selling plastic cover lever arch files, ring binders, flat files, pockets and folders to include recycled plastic.

High-quality lever arch files from Esselte, Leitz, and Rexel, designed for professional office users, now feature highly resistant covers made from 30% pre-consumer recycled polypropylene on sturdy 100% post-consumer recycled board.

## RE-DESIGNED USING PP-PLASTIC

Leitz flat files (4191 & 4197) have been re-engineered to be made from polypropylene (PP) instead of PVC. PP has a lower carbon footprint, is easy to recycle and our material is made using 30% pre-consumer recycled PP.

## RECYCLED POCKETS AND FOLDERS

A wide selection of Leitz, Esselte, Rexel and Bene pockets and folders are now made using 30%, 48% or 50% pre-consumer recycled content and are still 100% recyclable in common plastic recycling processes.

# FIT FOR COLLABORATION, COMMUNICATION & VISUAL PLANNING

As many people look for a balance between working from the office and from home, the workplace is evolving into a dynamic, adaptable environment built for both collaboration and connection. Today's offices are no longer just rows of desks—they've become spaces for meetings, brainstorming sessions and social interaction, helping teams stay engaged and connected.

Recognising this shift, Nobo offers flexible tools that support every kind of workspace, whether it's a traditional meeting room or a communal area where people can gather, share ideas and spark creativity.

And staying connected isn't just about conversations—it's also about clear communication throughout the workplace. Signage plays a key role in guiding, informing and bringing people together. Nobo's communication tools ensure your messages stand out in any environment, helping people stay informed, safe and organised.

A workstation that accommodates our physical needs is crucial to working well. Nobo has the solutions to customise your personal work space whether that be in the office or from the comfort of your own home.

Nobo's visual communication tools such as notepads, memo boards and planners support your personal work space through better time management, the tools to quickly jot down ideas and notes, make to do lists and keep track of projects - keeping you inspired, wherever you are.

# Flexible Collaboration Solutions. In Any Workspace.

The innovative Move & Meet range features a 6 in 1 Mobile collaboration system, mobile whiteboard and flipchart easel that are easily moved between locations offering ultimate flexibility wherever you are. These collaboration tools help maximise productivity by ensuring collaboration activities are as productive, innovative and flexible as possible, helping teams to create and share ideas.
